Some rambling from the AnCo² team.

Red ~ Please come back Kamina.. ;__; Anyways. Hardest chapter in the history of scanlation, dare I say that? At least the one with the most love.
If I had more time I would color every page in this thing.
I really hope you think we gave Kamina a worthy goodbye.
Farewell my friend! Anyways, we're taking a short break from GL to focus on our other projects, I need something else to do [illegible]
We started editing this chapter 6 weeks ago. -_-;
